The Women's Business Owners Mentor Roundtable is a mentoring and counseling group targeting women entrepreneurs. The roundtable is a great information resource that provides:

- Two hours consisting of: A guest speaker or a forum of panelists; business topic discussions and Q&A; and networking opportunities before and after the sessions.
- Ongoing opportunities to share and connect, on an informal basis, with a diverse resource base of entrepreneurs.
- Entrepreneurs with an opportunity to tap into the knowledge, experience, and support of others that can assist in the growth and success of your business.
- An excellent and economical way to obtain answers to business questions and acquire fresh ideas.
- A links to resources that can provide additional training and counseling once you leave the roundtable environment.
